DIRECTOR'S MESSAGE

Dear Readers,

It gives me great pleasure to present the ITM GIDA Newsletter (Session 2023–2024)**,** showcasing another year of academic excellence, innovation, research, and holistic development at the Institute of Technology and Management, GIDA, Gorakhpur.

The academic session 2023–2024 has been marked by remarkable achievements across academics, research, innovation, entrepreneurship, sports, cultural activities, and community engagement. At ITM GIDA, we remain committed to providing an environment that nurtures knowledge, creativity, critical thinking, and professional excellence. Our emphasis on experiential learning, industry interaction, and skill development continues to prepare students to meet the evolving demands of the global workforce.

Throughout the year, our students and faculty have actively participated in conferences, workshops, technical competitions, innovation challenges, startup initiatives, and outreach programmes, bringing recognition to the institute through their outstanding performances and meaningful contributions. These accomplishments reflect our continuous pursuit of excellence and our commitment to fostering innovation, research, and responsible leadership.

This newsletter captures the significant milestones, memorable events, and success stories that have defined the academic session. It stands as a testimony to the collective dedication and hard work of our students, faculty members, administrative staff, alumni, industry collaborators, and all stakeholders who have contributed to the institute's continued growth.

I extend my heartfelt appreciation to everyone associated with ITM GIDA for their unwavering commitment and sincere efforts. I am confident that together we will continue to achieve greater milestones and strengthen our vision of creating competent professionals and responsible citizens.

I hope this newsletter inspires our readers and serves as a valuable record of the institute's journey of progress, innovation, and excellence.

Best Wishes!

Dr. N. K. Singh

Director

Smart Rakhi for Lord Ram's Idol Security

Students of the ITM GIDA, Gorakhpur Amit Srivastava, Muskan Sheikh, and Apoorva Rai developed a **Smart Rakhi** based on Radio Frequency (RF) technology to enhance the security of Lord Ram's idol at the Ram Temple. The Rakhi is equipped with a sensor that triggers an alarm if anyone enters a restricted area, immediately alerting security personnel. The innovative model symbolizes both the spirit of Raksha Bandhan and the use of technology for public safety.

Amar Ujala Organizes Personality Development Workshop at ITM GIDA

ITM GIDA, Gorakhpur, in collaboration with Amar Ujala, organized a Personality Development Workshop to enhance students' confidence, communication skills, and career readiness. The session was addressed by Mr. Vinay Maheshwari**,** who motivated students to combine positive thinking with strong willpower to achieve success in life. The workshop witnessed enthusiastic participation from students and faculty members.Director Dr. N. K. Singh said, "Such workshops play a vital role in shaping students' personality, communication skills, and confidence. At ITM GIDA, we remain committed to providing holistic development opportunities that prepare students for successful professional careers."

Workshop on Holistic Development of Students at ITM GIDA

ITM GIDA, Gorakhpur, organized a Personality Development Workshop for the holistic development of students. Renowned motivational speaker and corporate trainer Himanshu Agrawal inspired students to stay disciplined, focused, and positive in achieving their career goals. He also interacted with students and answered their queries on career and personal growth.

Director Dr. N. K. Singh said, “ITM GIDA regularly organizes such workshops to enhance students' confidence, communication skills, and leadership qualities, preparing them for successful professional careers.”

Teachers Honored on Teachers' Day at ITM GIDA

ITM GIDA, Gorakhpur, organized a Teachers' Day Felicitation Ceremony to recognize the dedication and outstanding contributions of its faculty members. Selected teachers from various departments were honoured with certificates and mementoes for their excellence in teaching and academic performance.

Director Dr. N. K. Singh congratulated the awardees and said, “Teachers are the backbone of every educational institution. Their dedication and commitment inspire students to achieve excellence and contribute to nation-building.”

ITM GIDA Hosts Inspiring Power Talk Show with MP Ravi Kishan

ITM GIDA, Gorakhpur, in collaboration with JCI Gorakhpur Midtown, organized an inspiring Power Talk Show for the holistic development of students. The event featured MP and renowned actor Ravi Kishan Shukla as the chief guest, who motivated students to stay disciplined, think positively, and remain committed to their goals. His inspiring interaction encouraged students to face challenges with confidence and determination. Director Dr. N. K. Singh said, “At ITM GIDA, we believe that personality development is as important as academic excellence.

ITM GIDA Organizes Voluntary Blood Donation Camp on World Pharmacists Day

On the occasion of World Pharmacists Day, ITM GIDA, Gorakhpur organized a Voluntary Blood Donation Camp to promote social responsibility and healthcare awareness. Students, faculty members, and staff enthusiastically participated, donating around 50 units of blood**.** Various competitions, including Rangoli, Poster Making, and Quiz, were also conducted to mark the occasion. Director Dr. N. K. Singh said, “Blood donation is a noble act that can save countless lives. Through such initiatives, ITM GIDA encourages students to develop compassion, social responsibility, and a spirit of service towards society.”

ITM GIDA Marks Dr. A.P.J. Abdul Kalam Jayanti with Innovation Exhibition and Standards Awareness Programme

ITM GIDA, Gorakhpur commemorated the birth anniversary of Dr. A.P.J. Abdul Kalam by organizing an Innovation Exhibition along with an India Standards Day Awareness Programme. Students displayed innovative science and technology models inspired by Dr. Kalam's vision of a self-reliant India, while the programme emphasized the importance of quality standards, safety, and technological excellence in engineering. The event witnessed enthusiastic participation from students and faculty members.

Director Dr. N. K. Singh said, “Dr. A.P.J. Abdul Kalam's vision of innovation and quality continues to inspire young minds. Through such programmes, ITM GIDA encourages students to combine creativity with standardization and develop technologies that contribute to national progress.”

B.tech students created Bullet proof Jacket Gun

Three students of ITM Gida B.Tech second year computer science, Alok Kumar, Ashwani Singh, and Anurag Pandey, together under the direction of Vineet Rai, teacher of the Innovation Cell, have created (Bulletproof Jacket Gun) for the safety of the soldiers of the country

The trigger of the jacket gun is wireless, it can be attached to the trigger of any rifle and firing from the jacket, student Alok Kumar said, one of the special things of the jacket is that there is a radio panic help button in the jacket, with the help of which the soldiers can send information to their colleagues in the control room if needed.

ITM GIDA Joint Secretary Honoured with 'Uttar Pradesh Ratna' Award

The Joint Secretary of the Institute of Technology and Management (ITM), GIDA, Gorakhpur, Mr. Anuj Agrawal**,** was honoured with the prestigious **"Uttar Pradesh Ratna"** award at a felicitation ceremony organized by Dainik Jagran iNext in New Delhi. The award recognizes his outstanding contribution to education, leadership, and social development. The achievement is a matter of pride for the ITM GIDA family and reflects the institution's continued commitment to excellence in education and nation-building.

New ideas will be evaluated by the market and investors –Dr. Maheep Singh

A Zonal Level Incubator Workshop was organized by the Innovation Hub of Dr. APJ Abdul Kalam Technical University at Institute of Technology and Management, GIDA, Gorakhpur. Representatives of Buddha Engineering College, KIPM, BRD Medical College, Tahira Institute, Acharya Narendra Dev Pharmacy College, Gonda and other technical, management and pharmacy representatives affiliated to AKTU participated in the workshop.

The basic purpose of education is to link culture, employment and modern technology – Prof. Poonam Tandon

A seminar on "Recent Trends in Artificial Intelligence, Machine Learning and Deep Learning" was organized under the joint aegis of Institute of Technology and Management and The Institution of Engineers Gorakhpur Local Chapter at Dr. APJ Abdul Kalam Auditorium of the Institute. The program was inaugurated by lighting the lamp jointly by the Chief Guest, Vice Chancellor of Gorakhpur University, Prof. Poonam Tandon, Secretary of the Institute Shyam Vihari Agrawal, Joint Secretary Anuj Agarwal, Er. P K Mishra, and Director Dr. NK Singh.

B.Tech students of Gorakhpur have designed a unique ring that will save the lives of those injured in road accidents.

There is a pleasant atmosphere in the whole country regarding the Ram Mandir Pran Pratishtha ceremony on 22 January. Meanwhile, students of Gorakhpur have designed a unique ring that will save the lives of those injured in road accidents. Three students of ITM GIDA Gorakhpur Computer Science BTech Amrita Singh, Sangeeta Kumari and Amrita Maurya together under the supervision of their teacher Vineet Rai have designed a ring named Shri Ram, which will help the injured in the road accident.

Robot Monkey Designed for the Protection of the Ram Temple

Students of the Institute of Technology and Management (ITM), GIDA, Gorakhpur Anika, Anant Narayan Srivastava, Abhishek Shukla, Divyansh Kasaudhan, and Ananya Sinha have developed an innovative Robot Monkey to enhance the security of the Ram Temple and support the safety of the nation's soldiers. The project was developed under the guidance of Mr. Vineet Rai.

Director Dr. N. K. Singh congratulated the students and said, "This project reflects the innovative thinking and technical skills of our students. At ITM GIDA, we encourage young engineers to develop technology-based solutions that contribute to national security and social welfare.

ITM alumnus Dhirendra and Nimisha Bhardwaj selected for UP PCS

Dhirendra Kumar and Nimisha Bhardwaj, alumni of Institute of Technology and Management, GIDA Gorakhpur, have made the institute and their family proud by achieving success in the PCS examination conducted by the Uttar Pradesh Public Service Commission. Nimisha Bhardwaj, an alumnus of the Department of Electronics and Communication, has achieved success in the post of Deputy Jailor, currently working as an Executive Officer. Dhirendra Kumar, an alumnus of the 2017 batch of Mechanical Engineering, secured the 27th position in the entire state in the PCS examination of the Uttar Pradesh Public Service Commission and succeeded in the post of SDM and illuminated the name of the institute and his family

A workshop on National Road Safety Week

A workshop on National Road Safety Week was organized under the joint aegis of Institute of Technology and Management, GIDA, Gorakhpur, Bharatiya Character Building Institute and Transport Department, Gorakhpur. The workshop was jointly inaugurated by Indian Character Institute President Shri Ramakrishna Goswami, Divisional Transport Officer Enforcement Sanjay Kumar Jha. In the end, addressing the program, Director Dr. NK Singh expressed his gratitude to all the guests and said that road accidents can be reduced by making people aware through such awareness programs.

Ex-student Nimisha Bhardwaj welcomed by ITM

Nimisha Bhardwaj, an alumni of the institute at the Institute of Technology and Management, GIDA, Gorakhpur and selected for the post of Deputy Jailor in PCS-2023, was welcomed by the management and director of the institute at the Dr. APJ Abdul Kalam Auditorium of the institute. Nimisha's parents were also present on the occasion.

At present, Nimisha Bhardwaj is working as Executive Officer. Addressing the students at the reception held at the institute, he said that success can be achieved only by continuous efforts, there is no other way to achieve success.

Engineering students designed a women safety sandal guns for the safety of women

On the occasion of National Women's Day, three first-year B.Tech data science students Annapurna Singh, Shruti Pandey and Honey Tiwari of the Institute of Technology and Management, GIDA, Gorakhpur, have together designed women safety sandal guns for the safety of women.

These saddles are similar to any common saddle in appearance, but these sandals can also become a weapon for women in trouble, this saddle has been prepared by the students after about 20 days of hard work under the able guidance of Vineet Rai, in-charge of the innovation cell.

Department of Computer Science and Engineering accredited by NBA

The National Board of Accreditation (NBA) has enhanced the credibility and prestige of the Institute of Technology and Management (GIDA), Gorakhpur by awarding accreditation to 180 seats in the Department of Computer Science and Engineering, by meeting the criteria of academic excellence, excellent placement and advanced research. The accreditation conditions/criteria provided by NBA are quite stringent. To assess these parameters, a team of experts from NBA visits the institute and closely inspects the academic quality, placement status and research quality based on global parameters. The importance of this course increased further with the accreditation of NBA.

Divisional Level Science Model Competition organized

Institute of Technology & Management, GIDA, Gorakhpur, Council of Science & Technology, Uttar Pradesh & District Science Club/District Science Club/Institute of Technology A two-day Divisional Level Science Model Competition was organized under the joint aegis of Regional Science and Technology Center, Bir Bahadur Singh Nakshatrashala, Gorakhpur. The exhibition was inaugurated by the chief guest, Prof. Poonam Tandon, Vice Chancellor of Deen Dayal Upadhyay Gorakhpur University.

Addressing the program, Chief Guest Prof. Poonam Tandon said that the brains of young people are best for innovation. She said that these youth are making their major contribution in developing the country and the state through innovation and new technologies.

District Level Innovation Exhibition organized

Institute of Technology & Management, GIDA, Gorakhpur, Council of Science & Technology, Uttar Pradesh & District Science Club & Institute of Technology Gorakhpur: District Level Innovation Exhibition for Innovators of Unorganized Sectors was organized on the second day of the two-day exhibition organized under the joint aegis of Regional Science and Technology Center Veer Bahadur Singh Nakshatrashala, Gorakhpur.
The exhibition was inaugurated by Chief Guest, Assistant Chief Executive Officer Dr. RD Pandey and Assistant Commissioner District Industries Center Ravi Kumar Sharma by cutting the ribbon.

ITM's annual festival "Parampara-2024" kicks off with a colourful opening ceremony

The cultural, technical and sports festival "Paripara-2024" to be held in the month of April at ITM Group of Institutions, GIDA, Gorakhpur was inaugurated by lighting the lamp by the institute's secretary Shyam Bihari Agrawal, treasurer Nikunj Matanhelia, joint secretary Anuj Agrawal and director Dr. NK Singh.
This time the theme of "Parampara-2024" is "Indian Ancient Cultural Heritage" and the name of the mascot of the program is "Jayesh". The program started with traditional Ganesh Vandana followed by various cultural programs by the students of the institute. On this occasion, celebrity singer Salman tied the shaman with his songs and entertained the people present in the program.

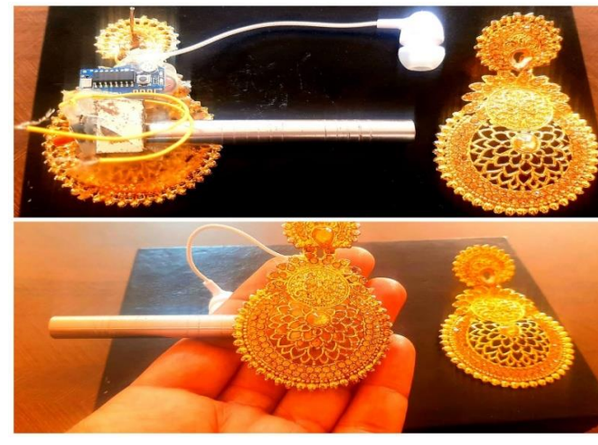

Expert talk show for the students of Business and Management

An expert talk show for the students of Business and Management of GIDA, Gorakhpur was organized at Dr. APJ Abdul Kalam Auditorium of the Institute. The chief guest of the event was Harishankar Shahi, Head of Shahi Business and Management Consultancy and motivational speaker.

Dr. NK Singh, Director of the Institute said that with the experience of such experts, students get a chance to learn a lot and they can use all those things properly in their life.

ITM students created a Bluetooth earing that women can use as weapon

Four first-year students of Institute of Technology and Management, GIDA Gorakhpur, Afreen Khatoon, Umme Habiba Riya Singh, Fakia Noori, under the leadership of Innovation Cell coordinator Vineet Rai, have created an bluetooth earring that women can use as a bluetooth ear bud and also make this earring a weapon in trouble. This earring will not only enhance the beauty of women but will also teach a lesson to the mindless.This beautiful looking earring will also help protect girls from anti-social elements.

A seminar on the occasion of World Engineering Day

A seminar was organized on the occasion of World Engineering Day under the joint aegis of Institute of Technology and Management and The Institution of Engineers Gorakhpur Local Chapter at Dr. APJ Abdul Kalam Auditorium. The program was jointly inaugurated by Chief Guest Engineer R.N. Singh, President Chamber of Industries Gorakhpur, Joint Secretary Anuj Agarwal, Er P K Mishra, Er. J B Roy President Old Students Organization Madan Mohan University and Director Dr. N.K. Singh. Expressing gratitude to all the visitors, Dr. N.K. Singh, Director of the Institute said that the role of engineers in the development of the country is very important and the work being done by them is definitely very commendable.

ITM Students Develop Smart Women Safety Pistol

Three students of the Institute of Technology and Management (ITM), GIDA, Gorakhpur developed an innovative Smart Women Safety Pistol to enhance women's safety during emergency situations. The device delivers a high-voltage electric shock to deter attackers and can also connect to a mobile phone through Bluetooth or Wi-Fi to send emergency alerts and location details. Appreciating the students' innovation, Director Dr. N.K. Singh said, "This project reflects our students' commitment to developing technology-driven solutions for women's safety and social welfare. ITM continues to encourage innovations that address real-life challenges and contribute to a safer society."

B.tech students made voice pitchkari

Preeti Rawat and Nikhil Gupta, two second-year students of Computer Science of the Institute of Technology and Management, GIDA, Gorakhpur, under the direction of Innovation Cell coordinator Vineet Rai, have created a special pitchkari named Lord Shri Ram and Radhe Krishna on the occasion of Holi.

Students have specially made this voice pitchkari running in the name of Radhe-Radhe and Shri Ram, especially for the disabled people. Ankit told that there are many people in the country who are helpless with their hands and feet but want to play Holi with their loved ones, in such a situation, our pitchforks will support them, on one of their voices, this pitchkari will drench friends with the colors of Holi.

Parampara 2024 Begins with Grand Inauguration

The annual cultural festival Parampara 2024 was inaugurated with great enthusiasm at ITM GIDA, Gorakhpur**.** The event commenced with the traditional lamp-lighting ceremony, followed by vibrant cultural performances and enthusiastic participation by students from various departments. Addressing the gathering, Director Dr. N.K. Singh said, "Parampara provides students with an opportunity to showcase their creativity, confidence and leadership while preserving India's rich cultural heritage." The festival featured a variety of literary, cultural and technical competitions throughout the celebration.

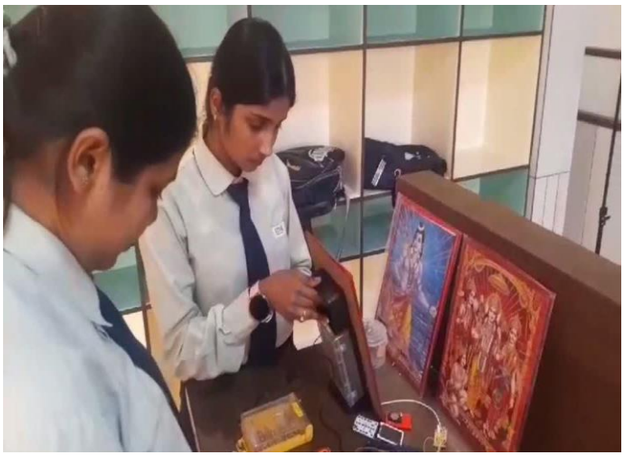

ITM Holds 13th Convocation Ceremony

The 13th Convocation Ceremony **of the** Institute of Technology and Management (ITM), GIDA, Gorakhpur was celebrated with great pride and dignity. Graduating students were conferred degrees, while meritorious students were honoured with medals and awards for their outstanding academic achievements. The ceremony was attended by distinguished guests, faculty members, parents and students, making it a memorable occasion. Addressing the gathering, Prof. J.P. Pandey, Vice-Chancellor, Dr. A.P.J. Abdul Kalam Technical University (AKTU), Lucknow, said, "A degree is not merely a certificate but a symbol of knowledge, responsibility and commitment towards society. Students should uphold ethical values, continuously enhance their skills and contribute to the nation's progress through innovation, dedication and lifelong learning." The ceremony concluded with a pledge by the graduates to serve society with integrity and excellence.

Annual Cultural Festival 'Parampara 2024' Concludes Successfully

The annual cultural festival **Parampara 2024** concluded successfully after several days of exciting literary, technical, cultural and sports competitions. Students enthusiastically participated in various events, showcasing their talent, creativity and teamwork. Appreciating the efforts of the participants, Director Dr. N.K. Singh said, Such events play an important role in the overall personality development of students by encouraging creativity, discipline and leadership beyond the classroom. Winners were felicitated during the closing ceremony.

ITM Students Develop AI-Enabled Home Safety Device

Students of the Institute of Technology and Management (ITM), GIDA, Gorakhpur developed an innovative Home Safety Device integrated with an image of Lord Ram to enhance home security during emergencies. The smart device uses sensors to send instant alerts to nearby police stations and neighbours in case of danger. Appreciating the innovation, Director Dr. N.K. Singh said, "This project reflects our students' commitment to developing affordable, technology-driven solutions that enhance public safety and social well-being."

.

ITM Strengthens Alumni Connect Through Grand Alumni Meet

The Institute of Technology and Management (ITM), GIDA, Gorakhpur organized a grand Alumni Meet, bringing together former students from different batches to reconnect with their alma mater. Alumni shared their professional experiences and interacted with students, inspiring them with valuable career insights. Addressing the gathering, Director Dr. N.K. Singh said, "The true identity and strength of an institution are reflected through the achievements of its alumni. The event concluded with the felicitation of distinguished alumni and a commitment to further strengthen the alumni network.

ITM Hosts National Conference on Innovation

Institute of Technology and Management (ITM), GIDA, Gorakhpur inaugurated a three-day National Conference on Innovation in Science and Technology**,** bringing together academicians, researchers and students from across the country. The conference was inaugurated by Prof. Poonam Tandon, Vice-Chancellor, DDU Gorakhpur University**,** who encouraged young innovators to contribute towards national development through research and technology. Addressing the gathering, The conference featured technical sessions, research paper presentations and expert interactions.

National Conference on Innovation Concludes Successfully at ITM

The three-day National Conference on Innovation in Science and Technology concluded successfully at the Institute of Technology and Management (ITM), GIDA, Gorakhpur. The conference provided a platform for academicians, researchers and students to exchange ideas on emerging technologies and innovation. Addressing the valedictory session, Chief Guest Prof. J.B. Roy encouraged participants to continuously learn new skills and actively participate in academic conferences for their overall professional growth. Director Dr. N.K. Singh said, "ITM remains committed to promoting research, innovation and academic excellence by providing opportunities for knowledge sharing and collaborative learning.”

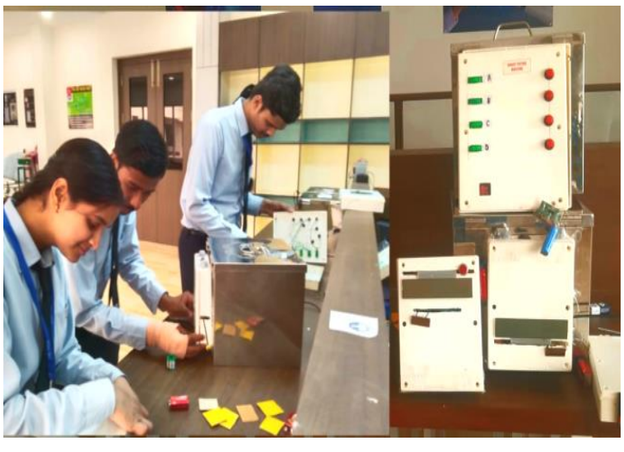

ITM Students Develop Innovative Water Safety Drone

Students of the Institute of Technology and Management (ITM), GIDA, Gorakhpur have developed an innovative Water Safety Drone capable of helping rescue people drowning in rivers and ponds within seconds. Developed by a team of five first-year B.Tech students, the drone was built in just 15 days at a cost of approximately ₹15,000 and is designed to assist rescue agencies like NDRF, SDRF and the Army during emergency operations. Appreciating the students' achievement, Director Dr. N.K. Singh said, This innovation reflects the creativity and technical excellence of our students. ITM remains committed to encouraging technology-driven solutions that serve society and save lives.

AI Innovation for Transparent Elections at ITM GIDA

Students of ITM GIDA, Gorakhpur have developed an AI-enabled Smart Voting Machine to enhance the transparency and security of future elections. The innovative system integrates artificial intelligence for efficient vote management and prevention of duplicate voting. Director Dr. N.K. Singh said, Research and innovation are at the core of ITM's academic culture. Such projects prepare students to develop technology-driven solutions for good governance and national development.

Regency Health Organizes Eye Check-up Camp at ITM GIDA

The Institute of Technology and Management (ITM), GIDA, Gorakhpur, in collaboration with Regency Health, organized an Eye Check-up Camp for the faculty and staff of the institute. The camp aimed to promote eye health awareness through comprehensive eye examinations and expert medical consultation. Speaking on the occasion, Director Dr. N.K. Singh said, "Good health is essential for professional excellence. Such healthcare initiatives help create a healthy and productive work environment." The programme witnessed enthusiastic participation from faculty members and staff.

Smart Mobile Watering System Developed by ITM Students

Students of the Institute of Technology and Management (ITM), GIDA, Gorakhpur have developed an innovative Smart Mobile Watering System that enables users to water plants remotely through a mobile phone. The device operates via WhatsApp commands and can automatically supply water to potted plants or gardens, making it especially useful during vacations or long absences. Appreciating the innovation, Director Dr. N.K. Singh said, Our students are developing practical, technology-driven solutions that simplify everyday life.

ITM Student Develops AI Smart Chair for Public Governance

A student of the Institute of Technology and Management (ITM), GIDA, Gorakhpur has developed an innovative AI Smart Chair designed to promote accountability in public governance. The chair uses artificial intelligence and social media-based feedback to indicate public satisfaction and remind leaders about key public commitments and development priorities. Appreciating the innovation, Director Dr. N.K. Singh said, This project showcases the creative thinking of our students and demonstrates how technology can be used to support transparent, responsive and citizen-centric governance. ITM continues to encourage innovations that address real-world challenges.

Tree Plantation Drive Strengthens ITM's Green Mission

The Institute of Technology and Management (ITM), GIDA, Gorakhpur organized a Tree Plantation Drive on the occasion of World Environment Day to promote environmental sustainability and green practices. Students, faculty members and staff actively participated by planting saplings across the campus and pledging to protect the environment. Addressing the gathering, Director Dr. N.K. Singh said, "A greener campus begins with collective responsibility. Through such initiatives, ITM aims to instill environmental consciousness among students and encourage them to contribute towards a sustainable future.
